Location

The slalom course near the charming village of Želiv, not far from Humpolec, ranks among the toughest artificial whitewater courses in the world. Its concrete channel packed with obstacles has given many paddlers sleepless nights – even the seasoned pros hit these rapids with a bit of fear in their eyes! :-) But no worries – after plenty of upgrades, the course is now safe and more popular than ever among whitewater paddlers.

The Trnávka whitewater course is located in Czechia, Vysočina region, near the village of Želiv.
